Before Your Visit C □ Fill out the e forms.		s and bring signed Financial	Policy and Cre	edit Card Authorization
	n Online Billing Account v med.com/Form/PaymentPortal/L	with Instamed <u>here</u> . <u>DualLoginAndSignUp?id=asthma</u>	<u>center</u>	
	prescription or over-the-cost can interfere with allergy	counter antihistamines for the skin testing.	he 3 days pric	or to your first visit as
□ <u>Take</u> asthma	medications as usual.			
□ <u>Ask</u> question scheduled.	s about medications that m	nay interfere with your testing	ng by calling th	ne office where you are
□ Prepare info	rmation about:			

- □ Previous diagnosis, treatments, surgeries, heart studies (stress test, echo, calcium score), and testing
- □ List of current medications
- ☐ Copy of recent lab work and/or x-rays
- ☐ A proper referral if required by your insurance
- ☐ Insurance card and photo ID, which are required for your visit
- ☐ Bring your username and password so that you can access your healthcare portal during your visit

Day Of Your Visit Checklist

- □ <u>Bring</u> all information prepared above, information about: (1) previous diagnosis, treatments, surgeries and testing (2) list of current medications (3) copy of recent lab work and/or x-rays (often available on a patient portal like <u>myPennMedicine</u>, <u>Virtua MyChart</u>, or <u>Jefferson Health MyChart</u>) (4) proper referral if required by your insurance, (5) insurance card and photo ID, (6) and if using a healthcare app, please make sure you are able to log into your portal during the visit, so that we will be able to retrieve important health records and current medications during your visit.
- □ Wear short-sleeve shirt in case allergy skin testing is performed on the upper arm.

What To Expect During Your Visit

First visits often take 2-3 hours, depending on how complicated the medical conditions are and what testing might be needed. You will be seen by one of our nurses and one of our board-certified allergists. The physician will review all your current symptoms, past medical history, environmental exposures, and will conduct a physical examination. Skin testing and/or a breathing test may be concurrently done during this time. We recommend our patients wear a short-sleeve shirt on the day of the appointment in case intradermal allergy skin testing is performed on the upper arm.

Kindly provide at least 48 hour notice to cancel your appointment. Failure to do so will result in a \$150 fee Notice must be provided by direct phone contact (speaking with a member of our staff during business hours).

Allergy Skin Testing: Instructions, Information, and Informed Consent

Patient Name:	DOB:
DO NOT TAKE PRESCRI	PTION OR OVER THE COUNTER ANTIHISTAMINES FOR 3 DAYS
PRIOR TO YOUR SCHEDULED:	SKIN TESTING APPOINTMENT. If you have any questions regarding

You may continue all lung inhaler medications.

whether or not you are using an antihistamine, please contact our office.

We request you do not bring small children with you when you are scheduled for skin testing, unless accompanied by another adult. At the beginning of your appointment, please inform the physician and/or nurse, prior to skin testing, if you are taking any beta-blockers or tricyclic anti-depressants, if you are pregnant, if you have a fever or if you are having difficulty breathing.

Allergy skin tests are methods of testing for allergy antibodies by introducing small amounts of the suspected allergens into the skin and noting whether positive reactions occur. Positive reactions consist of hive-like swellings and/or redness in the area surrounding the injection site. The results are read 10-20 minutes after the application of the allergens.

Several skin test methods are employed by our practice:

- 1) Prick method: In this method, the skin is pricked with a needle where drops of allergen had been previously placed. This is typically done on the back or, sometimes, on the forearm.
- 2) Intradermal method: This method consists of injecting small amounts of allergens into the superficial layers of the skin. This is typically performed on the upper arms and is done if the prick testing for the aero-allergen is negative.
- 3) Multi-test method: Allergen solutions are placed on the individual prongs of a multi-pronged plastic device that is pressed firmly on the back for < 5 seconds and then removed. This is typically done on the back and is reserved for young children.

Please notify the physician or clinical staff if you have a history of fainting during blood draws, receiving injections or any other procedure.

Interpretation of the clinical significance of skin test results requires careful review of the test results as well as a thorough review of the patient's history. Correlation of the skin test results and the patient's clinical history is essential in establishing which allergies are of clinical significance. After skin testing, your results will be reviewed by one of The Asthma Center physicians who will make recommendations regarding your treatment.

When you or your child come to our office for skin testing, you may be tested for allergic sensitivity to important selected aeroallergens and foods. In the metropolitan Philadelphia, Central and South Jersey areas, these may include trees, grasses, weeds, molds, dust mites, animal danders, and food allergens. The skin testing session usually takes 40 minutes. We recommend our patients wear a short-sleeve shirt on the day of the appointment in case intradermal testing is performed. Prick testing for adults and older children will be performed on the back followed by intradermal testing on the arms. The tests will be read within 10-20 minutes of application. Positive skin tests will gradually disappear over 30 minutes and, typically, no treatment is necessary.

Occasionally, local swelling at test sites will begin 4-8 hours after the skin tests were applied, particularly at sites of intradermal testing. These reactions are not serious and will disappear over the next several days. The use of topical steroids for these reactions may be helpful. Sometimes large local reactions will occur and last longer than a few days. Call The Asthma Center physicians if you have any questions regarding you or your child's reactions to skin testing.

Rarely, reactions may occur with skin testing that require immediate medical attention. These reactions may consist of any or all of the following symptoms:

- Itchy eyes, nose or throat
- Nasal Congestion or runny nose
- Tightness in the throat or chest
- Wheezing

- Shortness of breath
- Nausea or vomiting
- Hives and generalized itching
- Feeling faint or light-headedness

• Shock – only under extreme circumstances

Please note that these reactions rarely occur, and if any such reaction would occur, our staff is fully trained and available to treat these reactions.

Informed Consent

I have read the patient information sheet on allergy skin testing and understand that the opportunity has been provided to me to ask questions regarding the potential side effects of allergy skin testing. These questions have been answered to my satisfaction. I understand that every precaution consistent with the best medical practice will be carried out to protect me or my child against such reactions. All of my questions have been answered.

Patient's Signature Date Witness Signature Date

Note: For all patients who have received this information sheet and informed consent prior to your skin testing, please bring this form with you to your appointment. You may sign it before or during your visit.

If you are 12 years of age or older, and have any chest/lung symptoms like shortness of breath, wheezing, coughing, chest tightness or chest congestion, please complete this assessment form.

Childhood Asthma Control Test for children 4 to 11 years old.

How to take the Childhood Asthma Control Test

- Step 1 Let your child respond to the first four questions (1 to 4). If your child needs help reading or understanding the question, you may help, but let your child select the response. Complete the remaining three questions (5 to 7) on your own and without letting your child's response influence your answers. There are no right or wrong answers.
- Step 2 Write the number of each answer in the score box provided.
- Step 3 Add up the score boxes for the TOTAL.
- Step 4 Take the test to the doctor to talk about your child's total score.

Have your child complete these questions.

By providing my email address I am signing up to receive emails from The Asthma Center. Emails include office announcements & emergency closures, allergy shot hours, pollen counts, allergy & asthma news and health tips, and other marketing communications. Subscriptions can be managed online and unsubscribed at any time. No medical information and no protected health information (PHI) will be exchanged through this service.

Financial Policy 2024

Welcome to The Asthma Center. We are committed to providing you with the best care possible. To support the achievement of this goal it is best if everyone is aware of our financial policy, which is an agreement between our practice, The Asthma Center, and the patient and/or guarantor. Your clear understanding of the financial policy agreement is important to our professional relationship.

INSURANCE

At each visit, please bring identification (e.g., current driver's license or government issued ID) and a copy of your insurance card. Payment for services is due at the time services are rendered, except as outlined below. Insurance plans vary considerably, and we cannot predict or guarantee what part of our services will or will not be covered. It is the responsibility of the patient to provide accurate and timely insurance information. Inaccurate or untimely information given to our staff that results in denial or noncoverage by your insurance company results in the guarantor being responsible for payment.

NON-EMERGENCY APPOINTMENTS

Routine follow-up, allergy injections and the like may be rescheduled or cancelled if there are outstanding balances or if a co-payment is not made at time of service. If you are experiencing financial difficulty, please let us know. Health insurance is a contract between you, your employer, and your insurance company. It is important for you to be an informed consumer who understands the specifics of your insurance policy.

BILLING

Patients are required to have a valid credit card on file with us. Please refer to 2024 Credit Card Authorization Form on the last page of this policy. Patients that do not have a valid credit card on file will not be seen.

We will provide you with an itemized statement, monthly, as well as when requested. We accept cash, checks, MasterCard, Visa, Discover, and American Express. For your convenience, we also offer online payments through Instamed via our website. **Outstanding balances are due within 30 days, unless prior arrangements have been made with the billing department**. A \$15 billing fee will be charged to you if your co-payment is not made at the time of service. A \$45 fee will be charged for all returned checks and your account will be placed on a "cash-only basis." We will accept payments only by cash or credit card until the balance is cleared. Any patient balances that have not been paid within 30 days of the last billing will incur a late fee of \$50.00. Individuals with balances not paid in full within 90 days of the initial statement date will receive a final notice letter that will inform you that your account will be forwarded to a collection agency. An additional collection fee of \$50 will be charged on all collection accounts. If your account is forwarded to a collection agency, we will continue to see you on an emergency basis only for the next 30 days, giving you time to find a new source of medical care. Please note these fees are not covered by your insurance company.

We realize that temporary financial problems may affect timely payment of your account. If such problems arise, we encourage you to contact our billing department (215-569-1111, option 2) promptly for payment arrangements and assistance in the management of your account.

Should your account balance become uncollectible due to bankruptcy, we will continue to see you on an emergency basis only for the next 30 days, giving you time to find a new source of medical care.

Financial Policy 2024

IF WE PARTICIPATE WITH YOUR INSURANCE COMPANY (In-network insurance)

You are responsible for paying all co-payments at the time of service and are subject to a \$15 billing fee if not paid at time of service. Annual deductibles and coinsurances will be billed to you in accordance with the explanation of benefits (EOB) from your insurance. As a courtesy to you, all services performed in our office will be submitted to your insurance on your behalf.

All in-network insurance carriers have a fee schedule (allowable charge amount) according to which they will reimburse The Asthma Center. However, the doctor's allowable charge amount may be higher than what the insurance company reimburses, or it may not be a covered service. Therefore, any balances not paid by your insurance become the responsibility of the patient/guarantor.

IF WE DO NOT PARTICIPATE WITH YOUR INSURANCE COMPANY (out of network insurance)

If we do not participate with your insurance plan, we are not able to bill your insurance and we cannot accept payment from them for our services. Patients will be responsible for contacting their insurance to ensure they have out of network benefits and to understand what their out of network benefits cover and the out-of-pocket costs. We will provide you with an itemized bill so that you may submit the charges to your insurance company for reimbursement of your out-of-pocket cost. Not all services provided by The Asthma Center are covered benefits in all contracts. Patients are financially responsible for all services which may be more than the allowable amount of your insurance plan. Payment for services is due at the time of service. A \$15 billing fee will be added to balances not paid at the time of service.

MEDICARE

Patients are responsible for the annual deductible and/or 20% of the Medicare allowable amount for all covered services. (Medicare supplemental insurance may cover this amount.)

NON-COVERED SERVICES AND SELF PAY

If our services are not covered by your insurance plan or if you have no insurance, you agree you are financially responsible for all charges.

MISSED APPOINTMENTS/LATE CANCELLATIONS

Missed appointments represent a cost and inconvenience to us and to other patients who could have been seen in the time set aside for you. For cancellations, 48 hours notice prior to the appointment time is required. For new patients, failure to provide 48 hours notice of cancellation or failure to come to your appointment will result in a \$150.00 fee.

For follow-up appointments, failure to provide 48 hours notice of cancellation or failure to come to your appointment will result in a \$75.00 fee. A fee ranging from \$150-\$350 will be charged for any missed appointments for special testing cancelled with less than 72 hours notice of appointment time or for not showing up for tests such as allergy testing, drug or food challenge or desensitization. Notice of cancellation must be provided by direct phone contact (speaking with a member of our staff during business hours). Notice will NOT be accepted by any other means (such as voicemail, email, fax, or text messaging). Your credit card on file will be charged accordingly for missed appointments. Please note these fees are not covered by your insurance company.

We reserve the right to discharge patients who miss multiple appointments, fail to give 48-72 hours prior notice of cancellation, repeatedly cancel appointments or repeatedly do not show up for scheduled appointments.

Financial Policy 2024

FORMS AND FEES

There is a \$20-\$30 fee for the review and completion of all forms. The fee depends on the type of form to be completed. (i.e. school/camp forms, disability, FMLA, etc.) There is a charge for copies of medical records.

REFERRALS

If your insurance plan requires a referral for you to see a specialist, for office visits, procedures or allergy injections, you are responsible for obtaining and keeping track of all referrals. You will have to reschedule your appointment if you do not have a valid referral at time of services. If a patient chooses to be seen without a referral form at the time of service, the patient will be responsible for payment in full at the time of service. We will NOT accept any referrals for services after services are rendered.

THE FINANCIAL AGREEMENT

We must emphasize that as specialty providers, our relationship is with you, not your insurance company. While the filing of insurance claims is a courtesy that we extend to our patients, all charges are strictly your responsibility from THE DATE SERVICES ARE RENDERED. Therefore, it is necessary for you to know what benefits your insurance plan provides for you. When you become a patient in our practice, we will ask you to sign a copy of our financial policy. Please prepare for your first visit by signing our financial policy in advance.

I HAVE READ AND FULLY UNDERSTAND THE FINANCIAL POLICY SET FORTH BY THE ASTHMA CENTER/
ALLERGIC DISEASE ASSOCIATES, PC. I AGREE THAT IF IT BECOMES NECESSARY TO FORWARD
MY ACCOUNT TO A COLLECTION AGENCY, I WILL ALSO BE RESPONSIBLE FOR THE
FEE CHARGED BY THE AGENCY FOR THE COSTS OF COLLECTION, OUR PRACTICE COLLECTION FEE, ANY LEGAL
COSTS AND COURT COSTS, IN ADDITION TO THE ORIGINAL AMOUNT DUE. I UNDERSTAND AND AGREE THAT THE
TERMS OF THIS FINANCIAL POLICY MAY BE AMENDED BY THE PRACTICE AT ANY TIME WITHOUT PRIOR
NOTIFICATION TO THE PATIENT/GUARANTOR.

MEDICARE ASSIGNMENT FOR MEDICARE PATIENTS - MEDICARE RELEASE

Under the Medicare Law, effective 9/1/90, it is our obligation to process Medicare claims for our patients. In order to comply with this law, it is necessary that we have you acknowledge and sign below the following statement:

"I request that payment of authorized Medicare benefits be made either to me or on my behalf to Allergic Disease Associates, PC for any services furnished me by that physician or supplier. I authorize any holder of medical information about me to release to the Health Care Financing Administration and its agents any information needed to determine

these benefits of the benefits payable for the related services."

The Asthma Center team thanks you for choosing to receive your care at The Asthma Center. It is our pleasure to care for you.

2024 Credit Card Authorization Form for The Asthma Center / Allergic Disease Associates, PC (the "Practice")

To all our Patients:

We have implemented a policy requiring patients to keep a debit/credit card on file at our office to make billing more convenient and efficient for our patients and staff. We will submit a bill for our services to your insurance company if you have insurance coverage. If a portion of the bill applies to the patient's responsibility, you will receive a statement from the Practice with the amount due, and likely will also receive an Explanation of Benefits (EOB) from your insurance company. If this amount due is not paid within 30 days, your credit card will be used to secure that portion. **I, acknowledge and agree that:**

- I am ultimately responsible for payment of all charges for services I receive from the Practice and acknowledge that co-pays, co-insurance, and any deductibles are due at the time of service. The Practice may deny service for failure to pay a co-pay or any outstanding balance at the time of service. Charges that do not successfully process or are denied through your credit card will remain your financial responsibility. Any charge that has not been paid within 30 days from your billing statement, will incur a late charge of \$50.00.
- I authorize the Practice and/or its designated payment agent to apply charges to my payment card for all amounts owed to the Practice for medical visits, procedures or supplies, including (i) amounts agreed as part of a payment plan, (ii) co-payments, (iii) co-insurance, (iv) amounts not covered by insurance and/or (v) fees (if applicable) charged by the Practice for failure to keep a scheduled appointment or provide timely notice of appointment cancelation.
- I will be provided a statement from the Practice for amounts due. If this amount due is not paid within 30 days, my credit card will be charged for the amount due. I will not be provided with additional notice of payments authorized hereunder beyond the Practice's billing statement. Transaction receipts will be maintained in the patient file or will be emailed to me at the email address provided below. I authorize the Practice and/or its designated provider to send electronic account statements and invoices to my email address on file. I understand that it is my responsibility to maintain a current email address on file and that I will not receive a mailed copy of any electronic statement. Authorization for services already rendered cannot be canceled or refunded. I agree to notify the Practice in writing of any changes in my payment or other information.

I, the undersigned, authorize and request that the Practice charge my credit card for any outstanding balances when due. This authorization relates to all charges not covered by my insurance company for services provided to me, and fees charged, by the Practice. My card and payment information will remain securely stored for future use by Instamed, a third-party secure credit card processor that administers the billing and collection process of the Practice. This authorization will remain in effect until revoked by me in writing. I declare under penalty of perjury under the laws of the United States of America that my identity, signature and the foregoing is true and correct.
