Welcome to The Asthma Center! We have put together a few tips and guidelines to make your first appointment as effective as possible. We are looking forward to seeing you in the office for the first time, please don't hesitate to call us if you have any questions!

[Center City Philadelphia](#) [215-569-1111](tel:215-569-1111) (205 North Broad Street, Ste. 300, Philadelphia, PA 19107)

[Northeast Philadelphia](#) [215-677-4433](tel:215-677-4433) (2137 Welsh Road, Ste. 2B, Philadelphia, PA 19115)

[Langhorne, PA](#) [215-750-7040](tel:215-750-7040) (Penn's Square at Oxford Valley, 404 Middletown Blvd., Ste. 305, Langhorne, PA 19047)

[Mt. Laurel, NJ](#) [856-316-0300](tel:856-316-0300) (2059 Briggs Road, Ste. 306, Mt. Laurel, NJ 08054)

Before Your Visit Checklist

- Fill out** the enclosed New Patient Forms and bring signed Financial Policy and Credit Card Authorization forms.
- Do not** take prescription or over-the-counter antihistamines for the 3 days prior to your first visit as antihistamines can interfere with allergy skin testing.
- Take** asthma medications as usual.
- Ask** questions about medications that may interfere with your testing by calling the office where you are scheduled.
- Prepare** information about:
 - Previous diagnosis, treatments, surgeries, heart studies (stress test, echo, calcium score), and testing
 - List of current medications
 - Copy of recent lab work and/or x-rays
 - A proper referral if required by your insurance
 - Insurance card and photo ID, which are required for your visit
 - Bring your username and password so that you can access your healthcare portal during your visit

Day Of Your Visit Checklist

- Bring** all information prepared above, information about: (1) previous diagnosis, treatments, surgeries and testing (2) list of current medications (3) copy of recent lab work and/or x-rays (often available on a patient portal like [myPennMedicine](#), [Virtua MyChart](#), or [Jefferson Health MyChart](#)) (4) proper referral if required by your insurance, (5) insurance card and photo ID, (6) and if using a healthcare app, please make sure you are able to log into your portal during the visit, so that we will be able to retrieve important health records and current medications during your visit.
- Wear** short-sleeve shirt in case allergy skin testing is performed on the upper arm.

What To Expect During Your Visit

First visits often take **2 – 3 hours**, depending on how complicated the medical conditions are and what testing might be needed. You will be seen by one of our nurses and one of our board-certified allergists. The physician will review all your current symptoms, past medical history, environmental exposures, and will conduct a physical examination. Skin testing and/or a breathing test may be concurrently done during this time. We recommend our patients wear a short-sleeve shirt on the day of the appointment in case intradermal allergy skin testing is performed on the upper arm.

Kindly provide at least 48 hour notice to cancel your appointment. Failure to do so will result in a \$150 fee
Notice must be provided by direct phone contact (speaking with a member of our staff during business hours).

Notice will NOT BE ACCEPTED by any other means (such as voicemail, email, fax or text messaging)

**Allergy Skin Testing:
Instructions, Information, and Informed Consent**

Patient Name: _____ **DOB:** _____

DO NOT TAKE PRESCRIPTION OR OVER THE COUNTER ANTIHISTAMINES FOR 3 DAYS PRIOR TO YOUR SCHEDULED SKIN TESTING APPOINTMENT. If you have any questions regarding whether or not you are using an antihistamine, please contact our office.

You may continue all lung inhaler medications.

We request you do not bring small children with you when you are scheduled for skin testing, unless accompanied by another adult. At the beginning of your appointment, please inform the physician and/or nurse, prior to skin testing, if you are taking any beta-blockers or tricyclic anti-depressants, if you are pregnant, if you have a fever or if you are having difficulty breathing.

Allergy skin tests are methods of testing for allergy antibodies by introducing small amounts of the suspected allergens into the skin and noting whether positive reactions occur. Positive reactions consist of hive-like swellings and/or redness in the area surrounding the injection site. The results are read 10-20 minutes after the application of the allergens.

Several skin test methods are employed by our practice:

- 1) Prick method: In this method, the skin is pricked with a needle where drops of allergen had been previously placed. This is typically done on the back or, sometimes, on the forearm.
- 2) Intradermal method: This method consists of injecting small amounts of allergens into the superficial layers of the skin. This is typically performed on the upper arms and is done if the prick testing for the aero-allergen is negative.
- 3) Multi-test method: Allergen solutions are placed on the individual prongs of a multi-pronged plastic device that is pressed firmly on the back for < 5 seconds and then removed. This is typically done on the back and is reserved for young children.

Please notify the physician or clinical staff if you have a history of fainting during blood draws, receiving injections or any other procedure.

Interpretation of the clinical significance of skin test results requires careful review of the test results as well as a thorough review of the patient's history. Correlation of the skin test results and the patient's clinical history is essential in establishing which allergies are of clinical significance. After skin testing, your results will be reviewed by one of The Asthma Center physicians who will make recommendations regarding your treatment.

When you or your child come to our office for skin testing, you may be tested for allergic sensitivity to important selected aeroallergens and foods. In the metropolitan Philadelphia, Central and South Jersey areas, these may include trees, grasses, weeds, molds, dust mites, animal danders, and food allergens. The skin testing session usually takes 40 minutes. We recommend our patients wear a short-sleeve shirt on the day of the appointment in case intradermal testing is performed. Prick testing for adults and older children will be performed on the back followed by intradermal testing on the arms. The tests will be read within 10-20 minutes of application. Positive skin tests will gradually disappear over 30 minutes and, typically, no treatment is necessary.

Occasionally, local swelling at test sites will begin 4-8 hours after the skin tests were applied, particularly at sites of intradermal testing. These reactions are not serious and will disappear over the next several days. The use of topical steroids for these reactions may be helpful. Sometimes large local reactions will occur and last longer than a few days. Call The Asthma Center physicians if you have any questions regarding you or your child's reactions to skin testing.

Rarely, reactions may occur with skin testing that require immediate medical attention. These reactions may consist of any or all of the following symptoms:

- Itchy eyes, nose or throat
- Nasal Congestion or runny nose
- Tightness in the throat or chest
- Wheezing
- Shortness of breath
- Nausea or vomiting
- Hives and generalized itching
- Feeling faint or light-headedness
- Shock – only under extreme circumstances

Please note that these reactions rarely occur, and if any such reaction would occur, our staff is fully trained and available to treat these reactions.

Informed Consent

I have read the patient information sheet on allergy skin testing and understand that the opportunity has been provided to me to ask questions regarding the potential side effects of allergy skin testing. These questions have been answered to my satisfaction. I understand that every precaution consistent with the best medical practice will be carried out to protect me or my child against such reactions. All of my questions have been answered.

ALLERGIC DISEASE ASSOCIATED, P.C. T/A THE ASTHMA CENTER

Financial Policy

Welcome to Allergic Disease Associates, P.C. T/A The Asthma Center (“Practice”). We are committed to providing you with the best care possible.

The following is intended to clarify our financial rules and payment practices for the benefit of our patients. This financial policy is a legal arrangement between the Practice and its patients. By signing below, you, as our patient (the patient’s legal representative, as applicable) agree to abide by its terms and requirements. Your clear understanding of this financial policy is important to our professional relationship.

Please also note that information in this Policy is not intended to be interpreted as legal advice or as interpretation of the terms of patient’s insurance policy or benefit plan. Patients must refer any questions regarding medical services coverage, amount of coverage, co-payments, deductibles, out of pocket costs, mandates, claim adjudication, appeal, etc. to their carrier or legal counsel.

I. INSURANCE

At each visit, please bring identification (e.g., current driver’s license or government issued ID) and a copy of your current insurance card. Payment for services is due at the time services are rendered, except as outlined below.

Insurance plans vary considerably, and we cannot predict or guarantee what part of our services will or will not be covered. It is the responsibility of the patient to provide accurate and timely insurance information. Inaccurate or untimely information given to our staff that results in denial or noncoverage by your insurance company results in the guarantor named on the Insurance/Guarantor Information Form being responsible for payment. If your insurance changes, it is your responsibility to notify us in a timely manner and verify that we accept your new insurance plan.

II. NON-EMERGENCY APPOINTMENTS

Routine follow-up, allergy injections and the like may be rescheduled if there are outstanding balances or if a co-payment is not made at time of service. If you are experiencing financial difficulty, please let us know. Health insurance is a contract between you, your employer (if you are insured by a group employee benefit plan), and your insurance company. ***It is important for you to be an informed consumer who understands the specifics of your insurance policy (e.g., vaccine and doctor visit coverage, referral/authorization requirements for specialty care, X rays, laboratory tests, emergency hospital care, etc.).***

III. BILLING

It is our policy to require all patients to always have a valid credit card on file with us. Please refer to our Credit Card Authorization Form on the last page of this policy. We provide you with an itemized statement monthly as well as when requested. We accept cash, checks, MasterCard, Visa, Discover, or American Express. For your convenience we also offer online payments through a third-party business associate we have hired to process our payments via our website. **Outstanding balances are due within 30 days, unless prior arrangements have been made with the billing department.** A \$15.00 billing fee will be charged to you if your co-payment is not made at the time of service. Individuals with balances not paid in full within 90 days of the initial statement date will receive a final notice letter that will inform you that your account will be forwarded to a collection agency within 30 days. An additional collection fee imposed as a percentage of the balance owed will be charged on all collection accounts. If your account is forwarded to a collection agency, we will continue to see you on an emergency basis only for the next 30 days, giving you time to find a new provider who can continue your medical care. Please note these fees are not covered by your insurance company.

A \$45.00 fee will be charged for all returned checks and your account will be placed on a “cash-only basis service.” We will accept payments only by cash or credit card until the balance is cleared.

ALLERGIC DISEASE ASSOCIATED, P.C. T/A THE ASTHMA CENTER
Financial Policy

We will attempt to collect any unpaid balance to the extent we are allowed by law, regardless of whether you are still a patient. However, we realize that temporary financial problems may affect the timely payment of your account. If such problems arise, we encourage you to contact our billing department promptly for payment arrangements and assistance in the management of your account.

Should your account balance become uncollectible due to bankruptcy, we will continue to see you on an emergency basis only for the next 30 days, giving you time to find a new provider to continue your medical care.

You authorize us to charge your credit card for all charges incurred for dependent patients even if you are not the guarantor or other responsible person for such charges under the applicable insurance policy or otherwise.

IV. IF WE PARTICIPATE WITH YOUR INSURANCE COMPANY (In network insurance)

You are responsible for paying all co-payments and/or out-of-pocket costs at the time of service and are subject to a \$15 billing fee if not paid at the time of service. Generally, you will be notified directly by your insurance company with an Explanation of Benefits (EOB) statement after your services have been considered and adjudged by your carrier for payment. You may also be notified of your annual deductibles and coinsurances payments. Any unpaid balance owed to us will be billed to you consistent with the explanation of benefits (EOB) from your insurance. As a courtesy to you, all services performed in our office will be submitted to your insurance on your behalf.

All in-network insurance carriers have a fee schedule from which they will reimburse. However, the doctor's fee may be higher than what the insurance company reimburses, or it may not be a covered service. Therefore, any balances not covered by insurance become the responsibility of the patient. In the event the patient wishes to dispute the carrier's benefit payments, he/she/they must follow the claim appeal or review process required by the terms of their plan or policy. If you prevail in the appeal or review process, we will credit or reimburse you for the additional payments we receive from your insurance carrier.

V. IF WE DO NOT PARTICIPATE WITH YOUR INSURANCE COMPANY (out of network insurance)

If we do not participate in your insurance plan, we are not able to bill your insurance and we cannot accept payment from your insurer for our services. If we do not participate with your insurance, we can still provide you with medical care, however, you will be responsible for full payment of services at the time of your visit(s).

Patients will be responsible for contacting their insurance to ensure they have out of network benefits and to understand their out of network benefits coverage and the out-of-pocket costs. We will provide you with an itemized bill so that you may submit the charges to your insurance company for reimbursement. Not all services provided by this office are covered benefits in all contracts. Patients are financially responsible for all services which may be more than the allowable amount of your insurance plan. Any payment for services is due at the time of service. A \$15 rebilling fee will be added to balances not paid at the time of service.

VI. DIVORCED/SEPARATED PARENTS OF PATIENTS WHO ARE MINORS

Our focus is only your child's medical care. We are not party to or will not be involved in any legal issues involving custody agreements. Parents of patients who are minors must comply with the following requirements in addition to the items enumerated above:

- The Practice must have a copy of the Custody Court Order on file in the minor patient/child's chart.

ALLERGIC DISEASE ASSOCIATED, P.C. T/A THE ASTHMA CENTER

Financial Policy

- A minor child's health records will only be made available to the custodial parent recognized by a court order and/or to his/her legal representative.
- Consistent with the terms of this Policy, the child(ren)'s current insurance policy information must be kept on file with our office and must be updated as needed. Consistent with the terms of this Policy, the parents must maintain a current credit card on file with our office and must be updated as needed. Payments for services rendered, including co-pays, deductibles, coinsurance, or any additional fees charged by your insurance carrier, are due at the time of service regardless of which parent is responsible for medical expenses.
- We will collect payment from the parent who brings the child(ren) to their visit. Any disputes regarding nonpayment for services rendered will be referred to collections per the terms of this Policy. Any unpaid services will be due at the next time of service, or the patient will not be seen.
- Custodial decisions regarding appointments, vaccinations and/or any office procedures **MUST BE MADE PRIOR** to visiting our Practice.
- If there is **NOT** a court order on file with our office,
 - Either parent or legal guardian can sign a "consent to treat" form and authorize any named individuals (like grandparents, nannies, etc.) to bring your child to our practice, be present during the visit and consent to any treatment during that visit. Either parent or legal guardian can schedule an appointment for their child, be present for the visit, and/or obtain a copy of the visit summary.
 - It is both parents' responsibility to communicate with each other about the patient's care, office visit dates and any other pertinent information relevant to the patient.
 - Additionally, we will not call the other parent for consent regarding appointments scheduled, restrict either parent's involvement in the patient's care unless authorized by law or tolerate appointment scheduling/canceling patterns which in our judgment becomes evident by the behavior of either parent.

The Practice reserves the right to discharge the child(ren) from the practice should the provisions of this Policy not be followed and/or, if in our judgment, any behavior of the parties appears to be non-compliant with this policy and in our judgment, compromises patient care.

VII. BIOLOGIC INJECTIONS

Almost all insurance plans require biologic injections to be authorized prior to the initiation of the therapy. Our office will work with your insurance company to obtain the prior authorization. This may at times be a lengthy process, however, most requests are resolved within a two-week period. In order to maintain your therapy schedule it is imperative that if/when you have an insurance company change you inform our office immediately so that a new prior authorization process can be initiated. If you present new insurance information to the office at the time of your visit without the required prior authorization from your insurance carrier, you will **NOT** receive your biologic injections at that time.

VIII. MEDICARE

The patient is responsible for the annual deductible and/or 20% of the Medicare allowable for all covered services.

IX. COVERED SERVICES AND SELF PAY

If our services are not covered by your insurance plan or if you have no insurance, you agree you will be financially responsible for all charges. If the patient is a dependent, you are financially responsible for all charges even if you did not accompany the patient to our office for treatment."

IX. MISSED APPOINTMENTS AND/OR LATE CANCELLATIONS

Missed appointments represent a cost and inconvenience to us and to other patients who could have been seen in the time set aside for you. For cancellations, 24 hours' notice prior to the appointment is required. For new patients, failure to

provide 24 hours' notice of cancellation or failure to come to your appointment will result in a \$75.00 fee. For follow-up appointments, failure to provide 24 hours' notice of cancellation or failure to come to your appointment will result in a \$50.00 fee. An \$85.00 to \$150.00 fee will be charged for any missed appointment for special testing (e.g., allergy testing, drug or food challenge or desensitization). A credit card on file is required when booking and charged accordingly for missed appointments. We reserve the right to discharge patients who miss multiple appointments, fail to give 24 hours prior notice of cancellation, repeatedly cancel appointments or repeatedly do not show up for scheduled appointments. Please note these fees are not covered by your insurance company.

X. FORMS AND FEES

There is a \$20.00-\$30.00 fee for the review and completion of forms such as Short – Term Disability, FMLA, ETX.. The fee depends on the type of form to be completed. Additionally, there is a charge for requests of medical records, in compliance with state or federal mandates related to copies and release of medical records.

XI. REFERRALS

If your insurance plan or policy requires a referral for you to see a specialist, or for procedures or allergy injections, you are responsible for requesting, obtaining and keeping track of all referrals in a timely manner. If you do not have a valid referral you may have to reschedule your appointment, subject to Item VII of this Policy. If a referral form is not presented at the time of service, or was not obtained on time, the patient will be responsible for payment in full at the time of service, in accordance with Item II of this Policy.

XII. MEDICARE ASSIGNMENT FOR MEDICARE PATIENTS - MEDICARE RELEASE

Under the Medicare Law, effective 9/1/90, it is our obligation to process Medicare claims for our patients. In order to comply with this law, it is necessary that we have you sign the following statement:

“I request that payment of authorized Medicare benefits be made either to me or on my behalf to Allergic Disease Associates, PC for any services furnished me by that physician or supplier. I authorize any holder of medical information about me to release to the Health Care Financing Administration and its agents any information needed to determine these benefits of the benefits payable for the related services.”

The Asthma Center team thanks you for choosing to receive your care at The Asthma Center. It is our pleasure to care for you.

**Credit Card Authorization Form
for The Asthma Center / Allergic Disease Associates, PC (the "Practice")**

To all our Patients:

Pursuant to our Financial Policy agreement, it is our policy to require patients to keep a current debit/credit card securely on file on our system. We will submit a bill for every office visit and await payment from the insurance carrier whose information you have given to us. Your insurance carrier provides you with an Explanation of Benefits (EOB) statement which explains how your insurance coverage is applied and how much, if any, it paid to us. In accordance with this adjudication, any or all charges not covered are determined to be the patient's responsibility. Therefore, your credit card will be used to secure the unpaid amount or balance. Please note, in the event you wish to dispute the carrier's benefit payments, you must follow the claim appeal or review process required by the terms of your plan or policy. If you prevail in the appeal or review process, we will credit or reimburse you for the additional payments we receive from your insurance carrier.

I understand, acknowledge and agree to the following terms:

- I am responsible for payment of all charges for services I receive from the Practice. I acknowledge and agree that co-pays, co-insurance, and any deductibles mandated by the terms of any insurance policy I own, or by my relationship with any other party/payor I may be affiliated with, are my obligation and are due at the time of service. The Practice may deny services for my failure to pay a co-pay or any outstanding balance at the time of service. Charges that do not successfully process with my insurance carrier or are denied by my credit card company or bank, will remain my financial responsibility. ***Any charge I have not been paid within 30 days from the last visit, will incur a late charge of \$50.00***
- I authorize the Practice and/or its designated payment agent(s) to apply charges to my payment card for all amounts owed to the practice for medical visits, procedures or supplies, including (i) amounts agreed as part of a payment plan, (ii) co-payments, (iii) co-insurance, (iv) amounts not covered by insurance and/or (v) fees (if applicable) charged by the practice for failure to keep a scheduled appointment or provide timely notice of appointment cancellation.
- I will not be provided with advance notice of payments authorized by this signed Credit Card Authorization Form. Transaction receipts will be maintained in the patient file or will be emailed to me at the email address provided below. I authorize the above practice and/or its designated provider(s) to send electronic account statements and invoices to my email address on file. I understand that it is my responsibility to maintain a current email address on file and that I will not receive a mailed copy of any electronic statement. I understand and agree that authorization for payment of services already rendered cannot be cancelled or refunded. I agree to notify the practice in writing of any changes in my payment or other information. **I authorize the Practice to charge my credit card for all charges incurred for dependent patients even if I am not the guarantor or other responsible person for such charges under the applicable insurance policy or otherwise.**
